

Attorney Docket: TN322

REMARKS

Claims 1-4 and 6-19 are pending in the instant application. Claims 1-4, 6, 7, and 17-19 are allowed. Claims 8-10, 12, and 14 are rejected under 35 U.S.C. §102(b) as being anticipated by U.S. Patent 6,585,335 (Hwang et al.). Claims 11, 13, 15, and 16 are objected to as being dependent upon a rejected base claim, but allowable if rewritten in independent form to include all of the limitations of the base claim and any intervening claim(s). Claims 5 and 20 have been previously canceled.

Claim 11 depends directly from claim 8. Applicants have herein canceled claim 11 and amended rejected claim 8 to include the limitations of such claim. Claim 8, as amended, is thus allowable over the art of record. As rejected claims 9-10 depend from claim 8 they, too, are allowable over the art. Similarly, claims 12-14 depend from claim 9, and thus are also allowable over the art of record. Claims 15 and 16 respectively depend from claims 14 and 15, and are thus also allowable over the art of record. Finally, as set forth above, claims 1-4, 6, 7, and 17-19 are allowed.

Thus, for the foregoing reasons, Applicants respectfully submit that claims 1-4, 6-10, and 12-19 are patentable over the cited art of record and reconsideration of these claims and the application as a whole is thus respectfully solicited. It is believed that all of the stated grounds of rejection have been properly traversed, accommodated, or rendered moot. It is further believed that a full and complete response has been made to the outstanding Office Action, and as such, the present application, including claims 1-4, 6-10, and 12-19, is in condition for allowance. Applicants therefore respectfully request
